## From the Pilothouse

*Warren Harding coined the phrase “Founding Fathers” in 1912. Our FF probably wouldn’t have liked the name—most were still fairly young at the signing!*

**Commodore Dave Murree**

I have two positive things to report this month. First, it is with great pleasure that I announce many of this year's capital improvements are complete. As you recall, several months ago we had an assessment to fix our deteriorating roof, discovered sink holes near our sea wall, and the need to repair our parking lot. After receiving several bids, we contracted with RC Roofing, Dalinghaus Construction, and American Asphalt. Each company did an amazing job, coming in below their quotes and ahead of schedule. The Treasurer has reported that all of the work came in approximately \$30K under budget. These funds will be transferred into our Reserve Account for future capital improvements and not placed into our operating budget.

I would also like to report that we are finalizing the terms of our future sublease for the neighboring grass area and bocce court. CCYC's property line ends just a few feet east of our clubhouse. The remaining area is leased from another leaseholder. Our current sublease for the grass area and bocce court expires in August. We have been in negotiations to renew the sublease with more favorable terms for CCYC. Negotiations have been going well and the Board hopes to review and vote on the new lease in the coming weeks. Our main goals are to secure parking and much of the existing subleased area in the event the leaseholder gets approved to build his RV Resort. Once we have the details, I will schedule another *Coffee with the Commodore* to let our membership know the details. I hope to see you all around the Club as we enjoy our Coronado Summer!

**A** huge thanks goes out to everyone who donated their time and resources for Big Brothers Big Sisters on June 4<sup>th</sup>. It was a wonderful day, the sun came out, and the kids all had a fantastic time. We had 11 boats, skippered by Nanci and Randy Copley, Susan Lawrence, Dave & Kat Knapp, Tom & Isabella Bettis, Vern & Melinda Gorman, Bill and Chris Whitacre, Bob Tyner & Cynthia Moore, Glenn Cross, Dan & Kathy Schreiber, Becki & Steve Lock, and Jerry & Lisa Rosenbusch. You are all so kind, and really deserving of a huge thanks in helping make a difference in these kids lives! Thanks too to all the dock hands and helpers. Steve Lock, you smashed it! Thank you for your hard work in the lead up.

Well, the sun is shining at last, **4<sup>th</sup> July** is around the corner, and plenty of fun summer activities are being planned as we speak. Please get your reservations in for Rome's **60's Summer Jam on July 22<sup>nd</sup>**, and remember to book early for the **Clambake in August**. It's one of the biggest summer parties here at the Club, organized by the C-Gulls.

Every member event we've done this year has had record attendance, and Father's Day was no exception: 163 souls! I heard nothing but happy comments about the food and service, so my hat goes off to the team.

July's employee of the month is our busser, Max Adams. I have received so many compliments about Max this last month, he was a shoo-in for July. Max has been with us for less than a year, but he has become an important player in the dining room. Always willing to help, never late, and eager to provide exemplary customer service. Well done, Max, you fully deserve the accolades!

I hope you are all enjoying receiving only one statement from the Club. Club Essential is a complex and powerful system. As the months go by, we continue to learn new ways to harness this system for business analytics and will use it for the betterment of member experience here. The new website will launch soon, and we will delve into how to use it in separate communications.

Summer is finally in full swing, so let's get this party started!

*~God Save the King! (Oops! What I meant to say is...)*

*~Happy Birthday America!*

# Hello Mates!

## IN THE CORINTHIAN SPIRIT

Thanks to lots of training and the inevitable learning curve, our move to the new POS system has finally begun. We continue to improve on the flow of orders and attention to service details. All of us appreciate your patience, understanding, and feedback.

Hopefully your last billing statement was much easier to understand and produced fewer questions. Once our online portal gets initiated on our [CCYC.org](http://CCYC.org) website, you will be able to access and manage your account online by signing in. I know, I know, another user name and password!

It's the way of the world these days and there is always something new to learn as we keep our brains flexible.

## ON THE HORIZON

When people say "The 60's....if you remember them you weren't there!" I beg to differ. Most of us can plot our lives by the music we listened to at different times. There is a *Special Member Event* happening on *Saturday July 22nd* that you won't want to miss.

It's a full on celebration of the 60's music, food and offbeat attire—CCYC's first *60's Summer Jam!*

We will have on-site fire-roasted pig and chicken. Add some cornbread, classic rice pilaf, mandarin orange tossed salad, and pineapple upside down cake with ice cream, and it's the perfect summer feast!

As a special addition to the music, we will enjoy the entertainment of the *Fire Flame* women's dance troop during the DJ's intermission. You're gonna be smiling I'm sure!

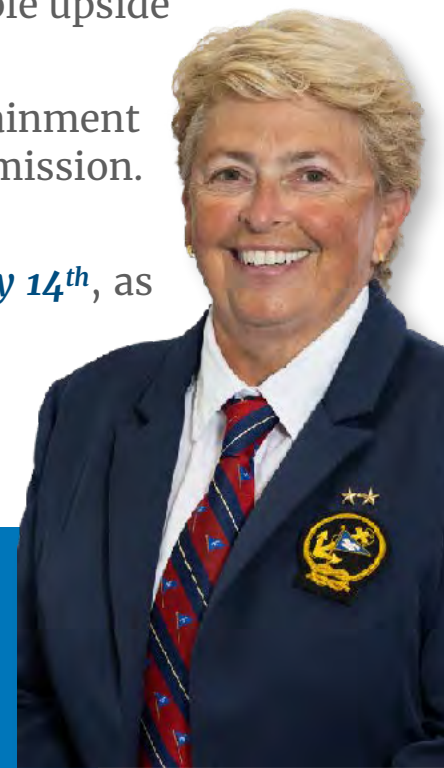

Be sure to reserve your spot at [ccyc.org/reserve](http://ccyc.org/reserve) by *Friday, July 14th*, as this event is sure to sell out quickly!

# A hoy shipmates!

Let the *sunny* boating season begin! Please join me in welcoming *Brad Stump* as our newest member to CCYC. His application was approved during the June Board meeting.

Brad Stump lives here in the Cays and has experience with the Wednesday night Beer Can Races. He has participated in the races with various Club members including Van Hughes, Gene Rowell, Kelly Cooper, Mike Palumbo, and Darrel McNurlan, all of whom sponsored Brad's membership. Being an avid boater, he currently owns a 33' Mag Bay named *Relentless*. As you see him walking around the neighborhood or the Club, please say hello. Brad joins CCYC as an *Equity Flag Member*.

Our CCYC burgee is gaining international recognition!

Longtime Club members Gavin and Heather James flew our Club burgee on their charter yacht on the Amalfi coast of Italy off Capri. Thank you to Gavin & Heather for a great shot!

*Calling all new members!* Please join us on *Saturday, July 22<sup>nd</sup>* for the *60's Summer Jam!* It promises to be a great party and an excellent way to meet new people.

Please share fun member stories or upcoming celebrations with me — I'd love to feature you in an upcoming Navigator!

By the way, we have some 30' and 40' slips coming available. If you know any prospective members who would like to join our Marina, please let me know.

Our next *Membership Meeting* will be on *Friday, July 14<sup>th</sup> @4pm*. Please feel free to join us.

Look forward to seeing you in the Club and always feel free to reach out to me directly.

## Happy 4th everybody!

# CCYC On Around the Water

## WHEN YOUR CREW BECOMES CAPTAIN

I would like to thank **Bill Barsz** for passing along this important list of safety information that will be valuable to all captains. This list was written by **John Jourdane** who is one of the most experienced offshore sailors in the world today. He is also an accomplished author.

### SAFETY CHECKLIST FOR YOUR CREW

—John Jourdane

As the skipper of the boat I'm sure you can do all the following, but what if you go overboard or become ill, unconscious, or incapacitated? Ideally, someone on the boat has been properly trained to take over—the question is, can this person perform the following in an emergency?

1. Stop the boat?
2. Lower the sails?
3. Steer a compass course?
4. Engage and set a course on the autopilot?
5. Start and stop the engine?
6. Drop and raise the anchor?
7. Determine the latitude and longitude of the boat's current position?
8. Read the chart plotter and use AIS?
9. Use the VHF radio to call another boat or the Coast Guard and send a DSC message (Digital Selective Calling)?
10. Know how to call for help (send a MAYDAY, Pan-Pan, or Security message?)
11. Know how to set off an EPIRB or Personal Locator Beacon?
12. Know how to deploy and use the *Lifesling*?
13. Know how to release the MOM or Man Overboard pole?
14. Know how to put on a PFD, crotch straps, and use tethers?
15. Know where the flares are and how to use them?
16. Know where the fire extinguishers are and how to use them?
17. Know where the first aid kit is and how to use it?
18. Know how to turn the propane or butane gas on and off?

I know it sounds like a tall order, but it might be wise to seek out and/or train a qualified **First Mate**— especially if you plan to leave the bay!

**Stay safe this season!**

Summer's finally here, so it's time to get out on the water and see what's going on in our beautiful San Diego Bay!

As a reminder, the *Marina Tennent Meeting* was pushed out to **July 8th** at **9:00am** at the Club. We will be handing out the revised **Marina Rules and Regulations** for a brief Q & A. Come join us for a continental breakfast and catch up with your marina friends and neighbors.

After this meeting, we will be starting back up with our boat inspections. Please get with you Dock Captains or me to schedule an inspection for your boat.

Also, we will have 30' and 40' slips coming available, so if you know any members who want their boats in our marina, be sure to let them know!

Please remember, always keep our docks safe and clean, and as a courtesy to your neighbors, *please return your dock carts to the Marina building after each use!*

The *Ale* and *Lager Beer Cans* are *in the can* as it were. On with the next 8 weeks of the *Stout series* starting **July 5th!** This year the weather has been overcast and cool for the first two Beer Cans, but we have had good wind for the races. Now it is July, and the sun has started to make an appearance. It seems that the sun is chasing the wind away just a little. It's sunny, but still enough wind for good racing. Enjoy the sunny Wednesday weather and come cheer for your favorite boat!

There is still a lot of sailing left. If you have a sailboat, you are welcome to join us. It's just friendly competition between neighbors. We still can use some help with the race committee and the boats are always looking for crew.

*La Playa* was a blast! If you haven't yet experienced a CCYC raft-up, get on it and plan to join us. If you don't have a boat suitable for overnight, make empty promises to your friends and hitch a ride! (Hint: No one will remember what you promised).

If you haven't already joined us in *Glorietta Bay over 4th of July weekend*, grab some type of watercraft and buzz up for the day. It's never too late for a little spontaneous fun in sea and sun!

**C**lub members stepped up big time last month, and I mean like the big brother and big sister every kid wants! We had eleven boats with captains and crew to give life experiences to nearly 50 youths. Rather than trying to summarize what a great event it was, below is the letter I received from the Big Brothers/Big Sisters event coordinator:

### **HI EVERYONE!**

Happy Monday/week! I wanted to reach out and express my gratitude and appreciation for such an amazing event yesterday on behalf of the whole agency! You all make it such a seamless experience EVERY SINGLE YEAR!

This is a once in a lifetime event for many of our kids, it is so rewarding seeing their excitement and JOY! The care that you all have, along with your captains and all of your staff, is FELT, SEEN and sooo APPRECIATED!

We served 49 matches total which means 98 people! More than we expected but literally the perfect amount of people to fill the boats!

Thank you deeply again for your love and support, have a beautiful rest of your year! Looking forward to connecting for next year when the time comes.

### **BRENDA SUAREZ**

My appreciation also goes out to all who helped on the docks, at the Club, and on your boats. It means so much to me and is an example of the good our Club does for the community.

## **Save the Date: Saturday, August 5, 2023 – Circus in the Cays II Electric Boat/Dinghy Event!**

Keeping with our Opening Day theme, we are calling all carnies, clowns, bearded ladies, and lion tamers! Dress up your crew and dress up your boats for a fun-filled day of games on the water and hosted docks. There is a sign-up sheet in the hallway at the Club. As always, I am looking for folks willing to host a few of the circus game stops at their home docks. # Swan Song

Several years ago, a well-respected and well-educated senior member of the Club had an issue with something ‘you just don’t talk about.’ You guessed it, he was suffering from a Gentleman’s below the belt disorder that, in those days, was relatively new and the medical people hadn’t been working on it long enough to establish a recommended treatment plan. There were several options available—you could go full on and cut it out, but that had some serious drawbacks. There was the popular ‘resectioning’ of it, something I never really understood, or how about freezing it?

Probably the most common solution was a ‘roto-rooter’ type remedy, probably popular because it was named the ‘Green Light Procedure.’ In any event, there was a plentiful group of candidates and soon-to-be candidates here at the Club who would welcome a non-biased, informative get-together without undue hyperbole.

With the in mind, our well-respected senior member began to study the medical literature on the subject. Now, I’m not talking about a splash through Wikipedia online and the follow-up medical articles subsequent to that. I’m talking about full-on research, late night reads through the journal of urology, trips to the library at UCSD Medical School, as well as pouring through current clinical trials and reviewing data from developing medicines. He did it all and became quite knowledgeable of his own condition, and being a gregarious sort, was soon sought out by other similarly situated seniors to answer a question or two. Well, that was the germ needed for the first and last *CCYC Prostate Seminar*.

Phone calls were made, hushed discussions at the bar occurred, and by word of mouth, a group of men, probably 20 or so, arranged to use the Loveridge Room. Shortly thereafter, arrangements were made with the Club Manager (no charge as he was getting up there in years and was sympathetic to the cause), with date, time, and beverage needs addressed. The room was pretty much the same then as it is now, a large table with comfortable seats properly spaced, white board at one end, shades that could be drawn, and doors that would close. Oh, and of course, restrooms just steps away. It was private and perfect for such a grave matter.

About 5:45, an unknown individual crept into the kitchen and took a handful of sanitary gloves. One glove was placed on the seat of each chair around the table and, of course, remained unseen until the chair was pulled out. Several gentlemen, probably carpooling, arrived at the same time, all nervously talking among themselves, with the occasional sardonic chuckle as they entered the room. The first one pulled out his chair, glanced down, and hurriedly stalked out muttering something that sounded like “NO WAY.” Soon, other attendees pulled out chairs and shortly it became apparent that gloves were a giant spoof by some twisted mind. By the way, I’d vote for the ‘Green Light Procedure.’ Call me with any questions. By the way, as this is my final article, my heartfelt thanks to all my loyal readers. *The New Yorker*, *New England Journal of Medicine* and *Chicken Soup for Old Salts* are currently engaged in a ferocious bidding war for a compilation of my work and I must now heed the call of the ancient scribe. *Fair winds and following seas to all.*

### C-Gulls Captain Mary Youngman

**I**t was time for the June luncheon and that meant it was off to the Galley Restaurant across the bay. We boarded eight electric boats with our fearless Captains, as 61 happy C-Gulls and their guests embarked A Dock at 11:00am armed with “supplies” in case the reported 20 minute trip became *a three-hour tour*. You just can’t be too careful these days. The weather was perfect, all boats arrived on schedule, and the best was yet to come. *MB<sup>2</sup>* — Brian Goelz, Brian Buel, and Mike Palumbo — were already onsite ready to rock and roll. The music was a total surprise and yes, you guessed correctly, there was dancing at *The Galley* patio that afternoon! After a marvelous lunch set up by our Cruise Captains Carmen Loheed and Deb Goelz and lots of dancing, the eight boats headed back to the Club for Regalia shopping, and of course, a glass of wine. The new Galley ownership treated us all like their favorite customers so I’m sure everyone will want to return next year for more fun! Thank you to all that attended, and my thanks to those photographers who sent their photos to Leslie Hastings, our amazing Communications Director, so she can share them in this Navigator.

Remember in July we are dark, but don’t worry that you won’t have anything to do. July 4<sup>th</sup> is on a Tuesday this year, which gives us plenty of activities at our fabulous Club — you won’t even miss the monthly luncheon! Check out the *4<sup>th</sup> of July flyer*, both online and in this Navigator; get your reservations in early for the *always sold out* buffet on the 4<sup>th</sup>, followed by music by *Theo & The Zydeco Patrol*. For your buying pleasure, there will be Regalia sales throughout the long four-day weekend, and the *4<sup>th</sup> of July Balls of Fire Bocce Tournament* is on *Sunday the 2<sup>nd</sup>*, so you can either play the game or root for your favorite team along with enjoying numerous other activities for you, your family, and your guests.

Can you believe this year is already half over? Since December, nine new members have joined C-Gulls: Heidi Hauch, Amy Herrmann, Karen Miller, Laurie Moose, Lisa Mortensen, Elsie Ragus, Mary Sharpiro, Donna Sorenson, and Kerry Stevenson. Thank you for your new membership and involvement with our great group. We always have room for more, and First Mate Linda Hayes and I are always available for questions — and of course, new applications.

The *August luncheon* is the highly anticipated *Regalia Mega Sale* complete with a fashion show. Also, I need to form a nominating committee for the selection of the **2024 C-Gulls Board of Directors**. If you are interested in being on this committee, please let me know.

- ▶ White ball caps with collar attachments so they can't blow off while boating, fishing, etc.
- ▶ A variety of red, white, and blue ball caps for the beach or golf course
- ▶ Short-sleeved red, white, and blue mesh polo shorts
- ▶ Red, white, and blue quarter-zip jerseys for cooler weather

**F**or the July 4th weekend, we have red, white, and blue for everyone!

We also have red, white and blue traditional CCYC unisex jackets and new jackets for women. Our *Tommy Bahama* collection includes red, white, and blue shirts and quarter-zips for women and men. And for sunny weather, there are women's hats in red, white and blue—and yellow, orange, tan, pink and black.

Bring cheese and cold cuts to the July 3rd BYOM event on our blue shark charcuterie board—which is perfect for your at-home party too. Shake things up with a colorful cocktail shaker, which includes a set of drink umbrellas. And spear those appetizers with shell-topped picks.

We have casual women's tops and sets for cool nights. New items include marine blue pants and hoodie sets and silky pale green tops. And there are many *Tommy Bahama* men's and women's zip and half-zip tops in salmon, peach, pale blue, and — you guessed it — red, white, and blue.

If you are headed for a cruise or warmer climes, we have many options: short dresses in black and white, pink, or blue; colorful marine or flower-themed tops. We include a black cardigan for those cool nights on deck. And your outfit would not be complete without a glittering Mary Frances bag. We have one with a ship tossing in the waves, and others with cocktail themes—a lime margarita, a strawberry daiquiri, or a martini. There's also a silvery palm tree, a turquoise hummingbird, and a frog prince.

Whatever your plans for the summer, visit our Regalia boutique on Wednesday and Friday evenings and during all holiday weekends. We love to see you!

## PADDLE LOCKED DOWN FOR ANOTHER YEAR!

**FRANK YOUNGMAN**  
2<sup>ND</sup> ASSISTANT DEPUTY COMMISSIONER  
CCYC BOCCÉ OPERATIONS

A full-throated roar of approval rose from the jubilant crowd of CCYC patrons as local heroes Mel Blair & Van Peterson successfully defended the Paddle, repelling the invaders from the

Southwestern Yacht Club in the annual hotly contested *Battle for the Paddle*.

This victory was especially sweet, as with some celestial cooperation the sun shone for the first time in six months on the CCYC Sports Park. Under this warm welcoming environment, we retained possession of the Paddle, the most venerated trophy in the game with a 15 to 10 triumph. For this year's cultural exchange, the Southwestern Yacht Club fielded a duo redundantly named Steve and Steve, who arrived at the championship with limited internal opposition. Apparently the SWYC participants conducted their qualifying tournament on Zoom, thus not being present on-site at game time, leaving Steve and Steve basically untested and unopposed in their bracket, and precariously vulnerable as they emerged to face the CCYC dreadnaught in the championship for the Paddle.

Shockingly, S & S opened with some credible scoring throws in the early going, an alarming development that was totally unexpected by the CCYC fan base, causing an early uptick in day drinking.

However, as the Battle progressed, Mel and Van rallied with a long game, utilizing the far east corner of the championship court, resulting in two 4-point sweeps that rocketed them into the lead.

Staggered by this onslaught, the Double S's found themselves mired in the bilges of hell, unable to mount a creditable defense as Mel and Van pulled away with a 15-10 conquest.

The crowd then erupted with a 20 minute standing ovation, fueled by the promise of free drinks sponsored by the losing SWYC for the winning club, which was later found to be fake news.

Mel & Van's ascent as defenders of our Paddle did not come easily, as CCYC had a deep well of talent in the qualifying rounds, which included Kat Knapp & Shari Bryan, Darrell McNurlan & Brian Buel, Michael & Jill Tortosa, Tammy Murree & Regan Lauer (Trainwreck), Mike & Diana Jones, George & Amal Clooney, Ken & Marty Mischel, Commodore Dave Murree & Keith Lauer (Deboccery), Gregg & Lauri Markovich, Jim Caltrider & Rick Laver, R.G. Head & Charlie Martoglio, Eldon Musk & Dwayne Johnson, Bart Shubert & Brian Goelz & Darrel McNurlan, Trish Graisy & Karen, Judge Judy & Jennifer Lopez, Ramon & Deaun Navarro, Prince Harry & Meghan Markle, Mel Blair & Van Peterson, Mary & Carolyn Lawler, Dave Smith & Tim & Elisa Ragus.

As the high stakes drama continued, the semi-final rounds spotlighted the elite teams of R.G. Head and Charlie Martoglio facing Kenny & Marty Mischel, with Bart Shubert & Brian Goelz & Darrell McNurlan tag teaming and going against Van Peterson & Mel Blair. Surprisingly, the scores were lopsided, with a 9 to 1 upset, moving the Mischels into the final, and Van & Mel riding a staggering 6 point double smoochie (2 balls touching the palino) to a 9-4 win to face Ken & Marty.

Riding a wave of confidence after the record breaking 6-point frame, Mel & Van coasted into the final with an 11-4 going away win to become the CCYC standard bearer in thwarting the SWYC pirates' attempt at looting our Paddle.

Properly refreshed, massaged, and referee financial terms arranged (later deemed unnecessary — refund requested), our defenders were well positioned to once again secure our grip on the Paddle. After 50 minutes of rousing combat, righteousness prevailed; it was mission accomplished and all was right with the world.

The conquering heroes were then lifted by the adoring crowd in a raucous victory parade circling the clubhouse ending in the Burgee Lounge. Here the Paddle was re-installed, the winners toasted, lucrative endorsement contracts offered, selfies taken with the champions (\$5.00), and autographs signed.

In recognition of their efforts, the paddleless SWYC challengers were awarded a free bowl of soup.

The **next blowout tour fireworks** will be on **Sunday, July 2<sup>nd</sup>**. No height restrictions, vision tests, or athletic dexterity required or desired. Sign-ups in the passageway.

# Red, White & Blue Raft-Up Salad

Here is that perfect summer salad loaded with an explosion of flavor coming from crispy bacon and blue cheese. This is a wonderful side salad to bring to a *4<sup>th</sup> of July Raft-Up*. There are no eggs and no mayonnaise so it will last half the day - except that it will disappear quickly - even though it tastes *even better* the next day.

*Carole's Tip:* Use Roquefort or Danish Blue—yummm!

## Ingredients:

- ▶ 3 lbs. Yukon or Red potatoes peeled, cubed and then boiled (about 20 minutes)
- ▶ 8 strips Bacon - I cook mine in oven
- ▶ 4.5 oz Roquefort or Danish blue cheese crumbled
- ▶ 1 cup chopped parsley
- ▶ 2 cups sliced celery
- ▶ 4 green onions -chopped
- ▶ 2 tsp fresh thyme leaves

## Dressing:

- ▶ 2 tbsp. Apple cider vinegar
- ▶ 2 tbsp fresh lemon juice
- ▶ 2 tsp dijon mustard
- ▶ 1 tsp Kosher salt
- ▶ Lots of freshly ground pepper
- ▶ 1/2 cu olive oil
- ▶ 3/4 cup blue cheese or ranch salad dressing (\*\* see note)
- ▶ 1/2 cup sour cream

\*\*\* if you are not concerned about not using mayonnaise, I would substitute the blue cheese dressing with 3/4 cup mayonnaise.

## Directions:

1. Cook 8 strips of bacon and set aside.
2. Combine the ingredients for the dressing-whisking well after each addition
3. Cube & boil potatoes until fork tender and drain (20-25 minutes)
4. Add potatoes into prepared dressing
5. Fold everything together, serve it up 'buddha bowl style' and toss table-side, or store in a sealed container and pop in the fridge. Perfect to make ahead of the festivities!
6. Garnish with more crumbled bacon

### JULY 2023 BOOK CLUB SELECTION

#### Swimming to Antarctica - Lynne Cox

Lynne Cox writes about swimming the way Saint-Exupery wrote about flying, and one sees how swimming, like flying, can stretch the wings of the spirit. At 14, she swam 26 miles from Catalina Island to the mainland; at 15 & 16, she broke the men's and women's world records for swimming the English Channel; at 18, she swam the 20-mile Cook Strait between North and South Islands of New Zealand. She was **the first** to swim the Strait of Magellan (the world's most treacherous 3-mile stretch of water), the Bering Strait from Alaska to Siberia (opening the U.S.-Soviet border for the first time in 48 years), and the Cape of Good Hope. And finally she is the first person to have swum a mile in zero degree water in Antarctica.

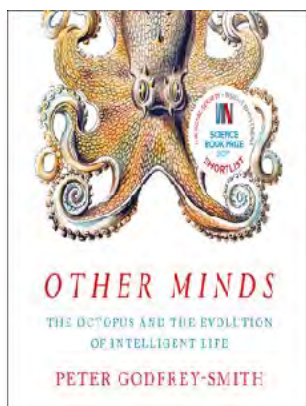

### AUGUST 2023 BOOK CLUB SELECTION

#### The Wager - David Grann

#1 NEW YORK TIMES BESTSELLER From the author of *Killers of the Flower Moon*, a page-turning story of shipwreck, survival, and savagery, culminating in a court martial that reveals a shocking truth. The powerful narrative reveals the deeper meaning of the events on *The Wager*, showing that it was not only the captain and crew who ended up on trial, but the very idea of empire.

“Riveting...Reads like a thriller, tackling a multilayered history—and imperialism—with gusto.” —Time

### SEPTEMBER 2023 BOOK CLUB SELECTION

#### Other Minds - Peter Godfrey-Smith

In *Other Minds*, Peter Godfrey-Smith, a distinguished philosopher of science and a skilled scuba diver, tells a bold new story of how subjective experience crept into being - how nature became aware of itself. As Godfrey-Smith stresses, it is a story that largely occurs in the ocean, where animals first appeared. Tracking the mind's fitful development, Godfrey-Smith shows how unruly clumps of seaborne cells began living together and became capable of sensing, acting, and signaling.

By tracing the question of inner life back to its roots and comparing human beings with our most remarkable animal relatives, Godfrey-Smith casts crucial new light on the octopus mind - and on our own.
