*'Nothing will work unless you do' - Maya Angelo*

**Commodore Dave Murree**

August has been a very busy, but productive month for us. We started with a bocce tournament, rolled right into our Texas Hold'em fundraiser, had our wonderful annual Clam Bake hosted by the C-Gulls on the eve of Hurricane Hilary, not to mention four beer cans and the start of the end of summer Twilight Series of races. I hope you are all enjoying our club as much as Tammi and I.

This month I want to provide a short update on the rain damage that occurred before we fixed our roof. We had ceiling damage in both the burgee bar and bathrooms. We will work on repairing those during our winter slow season while at the same time do a small upgrade to the stalls, sinks and toilets in the bathrooms. Like me, they are old and tired and need some help. You will also notice new cell antennas on the roof. AT&T installed new 5G antennas to improve their cell service in the Cays.

Lastly, I would like to again announce the passing of Staff Commodore Bernice Hunt. She was an amazing Commodore and friend to so many. We will be honoring her memory with a celebration of life here at the Club. If you are available, I hope you can join us.

**General Manager Dan Parker**

Wow, what an amazing month we've had, full of fun and activities. Thank you to those of you who came to the clambake in August. I received a lot of great compliments about the food. It's one of the big parties of the summer, so a big thank you to Mary Youngman, Debbie Goelz, and the whole team for putting the decorations together. We just about got away from Hurricane Hilary, but our thoughts and prayers go out to those affected.

Power Captain, Steve Lock and his wife Becki put on a fantastic second edition of the Circus Circus electric boat event on August 5<sup>th</sup>. Their enthusiasm was infectious, and everyone had a blast! Pics to follow. Big thanks to Jaime Bea who donated a literal truck load of avocados to club members. Holy guacamole they were good! The poker tournament was a huge success too. Thanks to Ken, Buzz and the poker players for putting it together.

Coming up this month are our annual Labor Day celebrations, Twilight Awards dinner on the 13<sup>th</sup>, and plenty of music for you to enjoy.

In the coming days our new website will go live, and I encourage you to log in to see your statements, individual charges, and upcoming fun events. More information can be found on page 13, and will be emailed out to all members. I would like to take a second to thank Brian Buel for the incredible work he did to produce our previous website. Brian's vision is still seen throughout this club in most of the brochures, marketing materials, flyers, and even this very Navigator! Brian had the vision to bring us up to date, and I'm just trying to follow in his tracks. Thank you, Brian for your continued efforts in helping make CCYC a modern, aesthetically pleasing environment! We moved to a new website as it is part of the new Club Essential point of sale package, and links member accounts, payments, reservations and statements all together in one place. If you see something missing, please let me know.

The Employee of the Month for September is Michael Shryock. Michael has been with us for a few years now, and has displayed considerable commitment to the club in many different ways. Michael recently received a promotion to Dining Room Supervisor, working directly under Restaurant Manager Vilma Baumann. He is a calming influence in an often hectic workspace. Most recently seen behind the bar chipping in, and even in the office learning more about the behind-the-scenes environment of restaurant management, Michael has graduated from this training and is back to making your restaurant experience all the better with his analytical approach to member satisfaction. Congrats, Michael!

## *In the Corinthian Spirit*

Special thanks this month goes out to Teri Brazell (again!) for her tenacious work in organizing the supplies in our attic and creating interesting decorations. Once again, thanks to Jason Thomas who saved the day when one of our Friday bands had to cancel. It was a quieter night in the Burgee Bar and he adjusted his DJ playlist beautifully. The man can read a room!

Our House Committee has been busy brainstorming about a few surprises for our upcoming Halloween party. I know it seems a long way off, but new ideas take time to germinate. The CCYC club favorite band NIGHT SHIFT will have us toe tapping and taking a turn on the dance floor!

Lastly, get ready to enjoy the return of some much loved menu items and some new special offerings too.

On the horizon..

We are in the 'little details make the difference' phase of implementation on our new POS, Accounting and Website transition. In a very short while you will hopefully enjoy the easy way to see what's going on at the club at a glance and then decide to participate with just one click. Patience grasshopper, patience!

**SAVE THE DATE:** Friday December 22nd, 6:00pm.

Sooooo, I know it seems far away but people are already discussing and booking their holiday plans. With Christmas falling on a trivia Monday, we have decided to create a special Family Style Trivia Event on the Friday before. Gather your team, add your family and friends and get ready for some laughs. The meal will be served family style with a big salad, baked breadsticks and your choice of meat, chicken or veggie lasagna. Finish it off with vanilla or spumoni ice cream all around. More details to follow. Oh, did I mention all the trivia questions will be about families.....use your imagination!

See you on the water!

## *Please welcome the Armstrongs!*

Please meet the Armstrong family. Zac and Jayci who have lived in the Cays for over 2 years and were introduced to CCYC by Mike and Dianna Durgin. Their family consists of Grace (23), Aydin (14), Liam (8) and Asher (5) along with their adorable pup, Pua.

Jayci works for the Air Force, Joint Task Force North and Zac, who originally comes from Dothan, Alabama, has been with the Navy and Marine Corps for ~ 24 years. He is a former pilot and now serves as the Director of Logistics & Supply Chain Operations for Naval Special Warfare. Jayci always considered San Diego her home however being a self-admitted Air Force brat means that she's lived in many places her entire life. Grace is a singer/songwriter, Aydin is into swimming, running track and junior lifeguards. Both the younger boys are interested in soccer and baseball. Zac is currently the president of the Coronado Futbol Club soccer board and serves on the board for Coronado Youth Baseball League as well.

Zac and Jayci are passionate about being healthy and you will see them every other Sunday working out in the park. They invite all club members to come out and join them for their sessions (I hear it's currently free of charge). You can learn more about them on their business website, Empowerment Fitness, (here is the link: <https://www.myempowermentfitness.com/>).

They decided to join the club because of the community and social aspect as well as all our fun events offered. Needless to say, Jayci has expressed interest in being part of both the House and Membership committees in the future.

Please join me in welcoming them all!

We had a fantastic pair of club events recently: a circus-themed electric boat gathering and a memorable Mission Bay Raft-up.

The electric boat event featured seven boats filled with enthusiastic clowns and circus performers. We gave away some fantastic prizes, including bottles of Prosecco, gift cards, C-Gulls donated CCYC burgee, and a special one-night stay at the Loews Resort, which one lucky raffle winner took home. A huge shout-out to the Loews for their generous donation!

As the Ring Master of Ridiculousness, I'd like to recognize the incredible circus crew who helped make the day a success. A big-top thanks to Jean and Gene Bauer for their trivia expertise, Mel Blair and Vern Gorman for staging the flying ducks game, Michael and Jill Tortosa (along with their family) for running the ring toss, Mark Metzger for his help on the cannon-bread launch and the booty shake, and Gene Rowell manning the docks. Finally, I'd like to recognize my wife, Becki Lock, who was the creative genius behind all the games. There is no hyperbole when I write that it would not have been nearly as fun without all of her efforts. I also want to express my gratitude to the CCYC staff for their hard work during events like these.

Switching gears, we had a fantastic time at our Mission Bay raft-up from August 11th to 13th, with a total of 11 boats staying overnight and several more joining us for the day on Saturday. It was an unforgettable day! Commodore Dave Murree arranged for the band Tsunami Sound Waves to entertain us, and they truly rocked the bay for a couple of hours. We had a blast with people watching from dinghies, SUPs, and kayaks. Our appetizer party was a hit, wiffle-ball golf with Chad and Brad is always fun and the hosted mimosa party was amazing. In addition to these fun planned activities, raft-ups always provide for a fun weekend filled with great company.

A massive thank you goes out to Dave and Tammi Murree for hosting this wonderful event, as well as all the other helping hands that made the raft-up a success. If you're a boat owner and haven't experienced a raft-up yet, please reach out to our Cruise Captain, Kelly Cooper, and learn what it's all about. Whether you want to join for a day or stay overnight, there are plenty of folks who will ensure you have a smooth and enjoyable time.

To wrap it up, I want to extend one final thank you to all the individuals who contributed to making the past month's activities so enjoyable. Get out on the water with your family and friends. A happy boat is one that's used often, so make the most of your time on the water.

## Burgee Exchange

Dave and Carmel Fleck are on the Great Loop, a 6000 mile cruise from Florida, up the intracoastal waterway to New York, across Canada to Lake Michigan, down the rivers to Mobil and back to Florida. Along the way we try to stop at any yacht club that is available and able to dock our 42' Jefferson trawler. This year there have been two clubs that have shown great hospitality and provided shelter from very bad weather when we needed it. So we had a burgee exchange with them.

The first was the Solomon Islands Yacht Club on the Chesapeake Bay in Maryland. We arrived on a fairly windy and rainy day knowing the next few days would be much worse. The club house was warm and inviting with many friendly members we could meet and get to know. Most of these smaller yacht clubs do not have restaurant service but use member volunteers to provide one or two nights of limited food availability. We are always prepared to have our meals on the boat if there is no restaurant within walking distance. Our burgee exchange was with Past Commodore Steve.

The second was the Great Kills Yacht Club on Staten Island in New York. I have to explain that boats do not take the Intracoastal Waterway through New Jersey! It is very poorly maintained and always a risk for running aground and snagging crab pot floats. Of the 10-12 boats heading north at that time, we know of 2 that had to be pulled off after grounding and one that had to be hauled out to remove crab pot tackle. The route is from Cape May out in the ocean to Atlantic City; out in the ocean to Manasquan Inlet; out in the ocean around Sandy Hook to NY. Each day is about 50 miles in the Atlantic Ocean. We did not have any good weather days. We waited two extra days in Atlantic City to leave at the top end of our weather window.

We called ahead to John Calascibetta at Great Kills YC for availability since we know other boats would want shelter as well and were able to secure a slip. We arrived about 3 PM very tired and ready for the weekend. It rained all day Saturday but we walked to the neighboring Richmond County Yacht Club for their Commissioning Day (our Opening Day). The new Commodore appreciated a Staff Commodore from the other side of the country attending his special day. On Sunday we used the train and Staten Island Ferry to get to Manhattan to see our friend Robert and attend an off Broadway musical Titanic. We exchanged our burgee with John Calascibetta.

## The Spyglass “Something in the Way She Moves” C-Gulls Captain Mary Youngman

Now is the time for lots of thank yous to our many amazing members. You noticed the new solar shades on the west end of the patio? Van Peterson engineered them, combined with our existing canvas and clear plexiglas shades to keep the direct sun from frying you while you enjoy stunning views. What a great change to be able to sit on our patio and not worry about getting sunburned. Thank you VAN!

Next up, we have lots of new wonderful nautical pillows for the wooden bench at the entrance and the two conversational fire pit areas. Deb Goelz and Carolyn Carswell took this on and what a difference these new pillows make. Love the nautical themes, thank you!

There is new carpet and a plank tile dance floor in our clubhouse. Here's a shout out to a great committee that worked hard finding the right carpet and tile to improve our club. Deb Goelz, Linda Plambeck, Anna Fay Paul, plus our design and construction consultants Chris and Bill Whitacre who met with vendors, and looked at lots of

samples of carpet and tile to ensure our clubhouse would look spectacular. The selections were then approved by the C-Gulls and then by the Board of Directors.

All of the above, plus numerous items over the past years were made possible by two things: your annual C-Gulls dues and everyone's support of regalia. Regalia is made possible by a long standing committee of Kathi Kirigin, Carol Warren, Harriet Benson, Holly Sweetow, Kathy Kirkley and myself, plus all the many volunteers that sell on Wednesdays and Fridays weekly. We wouldn't be as successful as we have been without your support. Thank you!

Finally, a thank you to all the 105 C-Gulls members. Your support of our women's auxiliary group is greatly appreciated. That said, it's that time of the year to please drop off your dues of \$50 into the C-Gulls box. First Mate Linda Hayes will be reaching out to all of you asking for your continued support.

# CCYC On & Around the Water

I want to thank all the boats and crew that have been participating in this years CCYC regattas. We have enjoyed good winds for the Wednesday night Beer Can Series this year. The Ale Series, Lager Series and the Stout Series are all tapped out but, we still have some racing to do. A few races left for the Summer/Fall Classic. September 23<sup>rd</sup> and October 1<sup>st</sup>. Let's not forget our SBC / Dolan race on Sunday September 17<sup>th</sup>. This is the last chance to qualify for the South Bay Championship. And let's all get onboard for the Van Hughes Twilight Series. The last of the Wednesday night races. We always save the best for last and this year is no exception. Van has come up with good courses and a great award dinner after the last race on Wednesday September 13<sup>th</sup>. Please sign up and show up for this and all the races to come this year and next. Can't get any better than to spend time on the water.

A dear friend to many and our Club's former Commodore, Bernice Hunt, passed away in the early hours of August 17<sup>th</sup>, and she now rests comfortably with her beloved husband Len, precious baby Heidi, daughter MaryBeth and granddaughter Danielle. An outgoing, adventurous, and forward-leaning member of her generation, her smile, kind words, and sage counsel will be missed by all who loved, knew, and respected her. It was her specific wish that her life be celebrated with cherished family and friends at Coronado Cays Yacht Club ... and we hope you can join us on Sunday, September 17<sup>th</sup>, 2023 from 12pm.

## SEPTEMBER 2023 BOOK CLUB SELECTION

### Other Minds - Peter Godfrey-Smith

In *Other Minds*, Peter Godfrey-Smith, a distinguished philosopher of science and a skilled scuba diver, tells a bold new story of how subjective experience crept into being - how nature became aware of itself. As Godfrey-Smith stresses, it is a story that largely occurs in the ocean, where animals first appeared. Tracking the mind's fitful development, Godfrey-Smith shows how unruly clumps of seaborne cells began living together and became capable of sensing, acting, and signaling.

By tracing the question of inner life back to its roots and comparing human beings with our most remarkable animal relatives, Godfrey-Smith casts crucial new light on the octopus mind - and on our own.

## OCTOBER 2023 BOOK CLUB SELECTION

### Murder on Brittany Shores - Jean-Luc Bannalec

Ten miles off the coast of Brittany lie the fabled Glénan Islands. Boasting sparkling white sands and crystal-clear waters, they seem perfectly idyllic, until one day in May, three bodies wash up on shore. At first glance the deaths appear accidental, but as the identities of the victims come to light, Commissaire Dupin is pulled back into action for a case of what seems to be cold-blooded murder.

Staff Commodore RG Head held a fascinating talk about the history of dollhouses on Friday August 18th, and brought in his masterpiece for display. A labor of love for his great granddaughter that took over two years to complete!
